Why Should You Use Instagram Video Downloader

Instagram downloading videos are not available by default. Have you ever had to download an Instagram video that you liked? The Instagram video downloader makes it incredibly simple and quick to do it online. The use of our Instagram video capture tool is completely risk-free and free of charge. You don't even need to register to use our site; you may do it completely anonymously.

How to Use Instagram Video Downloader

1

First, copy the link of the video you want to download or enter the username.

2

Then, click on the "download" button.

3

You will see the list of videos of the account or just the video you want to download. Click on the "download" button again.

4

The new page will open. Click on the three dots and the "download" button. That's it!

User Comments

The Best

"When I asked my friend to see if he knows a website that I can download reels with, he just replied, "InstaFollowers probably has a service for it; they literally have tools for everything". You're the best around."

Gabriela Garrison

Fast

"Downloads reels too! These guys really do an amazing job of being so fast to implement new features and technologies to their services! Always working for better services!"

Dauid Bowes

Downloads Reels too

"I've been using this tool, and I wondered if it could actually download reels videos too, and it does!! It's amazing that you can download reels with this tool, considering reels are a new feature!"

Keavy Pace

No Watermarks

"No watermarks? This is the best downloader I've ever seen, not only because there is no watermark but also the whole process is so simple! Pretty nice"

Heather Steele
